

SUSTAINABLE FOREST PLANTATION MEETING

Introduction of IUCN NL

Da Nang, Viet Nam
24 June 2018

A just world that values and conserves nature.

WELCOME TO IUCN NL!

Vision and mission

Our vision

- A just world that values and conserves nature

Our mission

- Influence, encourage and assist societies throughout the world to conserve the integrity and diversity of nature and to ensure that any use of natural resources is equitable and ecologically sustainable

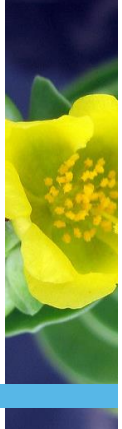

INTERNATIONAL UNION FOR CONSERVATION OF NATURE

A global presence

- Headquarters in Gland, Switzerland
- 11 regional offices
- More than 50 country offices worldwide

INTERNATIONAL UNION FOR CONSERVATION OF NATURE

IUCN NL

- National Committee of IUCN
- 38 IUCN members
- Project organisation
- Annual budget 1.8 M€
- 45 staff

IUCN NL approach

Bring together and build bridges

- Influence international processes & local impact
- Apply science & practice
- Bring together the global IUCN network

Sustainable investments

- Integrated solutions
- Local ownership
- Private sector engagement

Four themes

Nature conservation
We protect endangered species and their habitats.

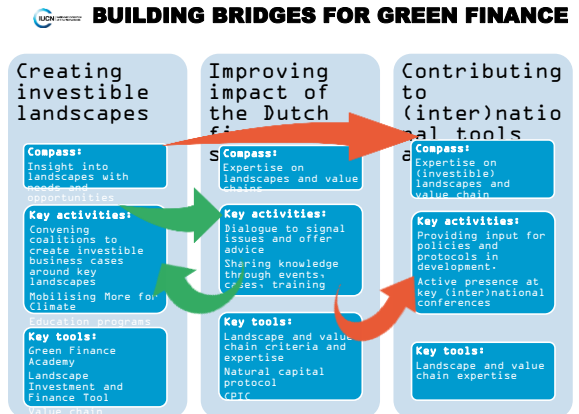

Climate, water & food
We secure the services that nature provides us.

Environmental justice
We advocate responsible and inclusive governance.

Green economy
We make the value of nature visible in economic terms.

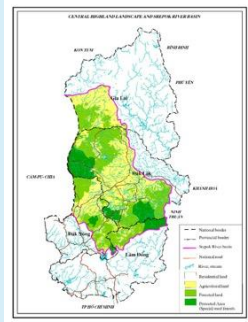

Green Livelihoods Alliance

- VietNature, PanNature and Tropenbos Viet Nam
- Sustainable Landscape Management
- Address Deforestation and promote sustainable production

Our landscape in VietNam: Srepok River Basin

1. Show-case evidence on inclusive conservation, sustainable production and restoration
2. Engage Government and Companies to improve policies
3. Initiate inclusive multi-stakeholder dialogues

IUCN and Landscape Restoration

- ✓ Restore, protect, sustainable management
- ✓ Inclusive, local solutions
- ✓ Sustainable, fair finance models
